I. Be a Registered Early Childhood Educator

Be a Registered Early Childhood Educator

Once you've gained invaluable skills and knowledge, take the next step towards becoming a Registered Early Childhood Educator. Your dedication to nurturing young minds is essential to shaping the future generation. Embrace this opportunity to make a lasting impact in children's lives and contribute positively to their growth and development.

Become part of our supportive community of Early Childhood Educators who are committed to excellence in education and childcare.

Register with the College of Early Childhood Educators Once you have earned your Early Childhood Education Diploma, you must apply to the [College of Early Childhood Educators](#) (the College) and get a certificate of registration in order to practice.

Continuing education after you register The College of Early Childhood Educators requires all ECEs to participate in their [Continuous Professional Learning Program](#).

You will start this learning within your first year of membership with the College. You must complete certain programs and modules each year to continue your membership, whether you are working or not.

The program supports ECEs in:

- enhancing their knowledge and skills
- strengthening their professional judgment
- improving their practice throughout their career
